1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER

Product name: FABRIC SOFTENER

Synonyms: Fabric softener so soft

Recommended use: Fabric softener

Supplier Name: COMPLIANT CLEANING SUPPLIES & SYSTEMS PTY LTD

Address: 5/150 Edmondstone St Wilston QLD 4051

Telephone: 1300 314 491

Fax: 1300 926 422

Emergency: 1800 201 700

Email: info@compliantcs.com.au

Web Site: www.compliantcs.com.au

SDS Date: 1 October 2016 Version 1

2. HAZARDS IDENTIFICATION

NOT CLASSIFIED AS HAZARDOUS ACCORDING TO NOHSC/ASCC CRITERIA

NOT CLASSIFIED AS A DANGEROUS GOODS BY THE CRITERIA OF THE ADG CODE

UN No.: None Allocated

DG Class: None Allocated

Subsidiary Risk(s): None Allocated

Packing Group: None Allocated

Hazchem Code: None Allocated

EPG: None Allocated

4. FIRST AID MEASURES

Eye: If in eyes, hold eyelids apart and flush the eye continuously with running water. Continue flushing until advised to stop by the Poison Information Centre or a doctor, or for at least 15 minutes.

Skin: If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water. Continue flushing with water until advised to stop by the Poisons Information Centre or a doctor.

Inhalation: If inhaled, remove from contaminated area. Apply artificial respiration if not breathing.

Ingestion: For advice, contact a Poison Information Centre on 13 11 26 (Australia Wide) or a doctor (at once). If swallowed, do not induce vomiting.

Advice to Doctor: Treat symptomatically
5. FIRE FIGHTING MEASURES

Flammability
Non flammable. May evolve toxic gases (Carbon/nitrogen oxides, ammonia, chlorides, hydrocarbons) if strongly heated.

Fire and Explosion
Non flammable. Evacuate area and contact emergency services. Toxic gases (carbon/nitrogen oxides, ammonia, hydrocarbons, chlorides) may be evolved when heated. Remain upwind and notify those downwind of hazard. Wear full protective equipment including Self Contained Breathing Apparatus (SCBA) when combating fire. Use waterfog to cool intact containers and nearby storage areas.

Extinguishing
Non flammable. Prevent contamination of drains or waterways.

Hazchem Code
None Allocated

6. ACCIDENTAL RELEASE MEASURES

Spillage
If spilt (bulk), wear splash-proof goggles and PVC/rubber gloves. Absorb spill with sand or similar and place in sealed containers for disposal. Wash spill site down with water. For small amounts, dilute with water and flush to sewer. Caution: surfaces may be slippery.

7. STORAGE AND HANDLING

Storage
Store in cool, dry, well ventilated area, removed from strong oxidising agents, anionic detergents, combustible materials and foodstuffs. Ensure containers are adequately labeled, protected from physical damage and sealed when not in use. Check regularly for leaks or spills.

Handling
Before use, carefully read the product label. Use of safe work practices are recommended to avoid eye or skin contact and inhalation. Observe good personal hygiene, including washing hands before eating. Prohibit eating, drinking and smoking in contaminated areas.

8. EXPOSURE CONTROLS/ PERSONAL PROTECTION

Exposure Stds
No exposure standard(s) allocated.

Biological Limits
No biological limit allocated.

Engineering Controls
Ensure adequate natural ventilation.

PPE
Wear splash-proof goggles and PVC or rubber gloves. When using large quantities or where heavy contamination is likely, wear coveralls.

10. STABILITY AND REACTIVITY

Chemical Stability  Stable under recommended conditions of storage.

Conditions to Avoid  Avoid heat, sparks, open flames and other ignition sources.

Material to Avoid  Incompatible with oxidising agents (e.g. hypochlorites, peroxides), anionic detergents (e.g. soaps), heat and ignition sources.

Decomposition  May evolve toxic gas if heated to decomposition.

Hazardous Reactions  Polymerization is not expected to occur.

11. TOXICOLOGICAL INFORMATION

Health Hazard  Low irritant - low toxicity. This product has the potential to cause acute and chronic health effects with over exposure. Avoid eye or skin contact and vapour generation – inhalation. Upon dilution, the potential for adverse health effects will be reduced markedly. Potential sensitizer. Those individuals with pre-existing skin, eye or respiratory allergies may be more susceptible to adverse effects.

Eye  Low to moderate irritant. Contact may result in irritation, lacrimation, pain and redness.

Inhalation  Low Irritant. Over exposure to vapours/mists may result in respiratory irritation, nausea and headaches. Occupational exposure to quaternary ammonium compounds has been reported to cause asthma, although rare. Due to the low vapour pressure, an inhalation hazard is not anticipated, unless sprayed.

Skin  Low irritant. Prolonged or repeated contact may result in mild irritation. Potential sensitizing agent.

Ingestion  Low toxicity. Ingestion of large quantities may result in nausea, vomiting and gastrointestinal irritation.

Toxicity Data  No LD50 data available for this product.

12. ECOLOGICAL INFORMATION

Environment  This product is not anticipated to cause adverse effects to animal or plant life if released to the environment in small quantities. Not expected to bioaccumulate.

13. DISPOSAL CONSIDERATIONS

Waste Disposal  For small amounts absorb with sand, vermiculite or similar and dispose of to an approved landfill site. If bulk quantities are required to be disposed of, contact the manufacturer for additional information. Prevent contamination of drains or waterways as aquatic life may be threatened and environmental damage may result.

Legislation  Dispose of in accordance with relevant local legislation.

14. TRANSPORT INFORMATION

NOT CLASSIFIED AS A DANGEROUS GOODS BY THE CRITERIA OF THE ADG CODE

Shipping Name  None Allocated
UN No.  None allocated
Packing Group  None Allocated
DG Class  None Allocated
Hazchem Code  None Allocated
Subsidiary Risk(s)  None Allocated
EPG  None Allocated

15. REGULATORY INFORMATION
Poison Schedule

A poison schedule number has not been allocated to this product using the criteria in the Standard for the Uniform Scheduling of Drugs and Poisons (SUSDP).

AICS

All chemicals listed on the Australian Inventory of Chemical Substances (AICS).

16. OTHER INFORMATION

Additional Information

ABBREVIATIONS:

ADB - Air-Dry Basis.
BEI - Biological Exposure Indice(s)
CAS# - Chemical Abstract Service number - used to uniquely identify chemical compounds.
CNS - Central Nervous System.
EINECS - European Inventory of Existing Commercial Substances.
GHS – Globally Harmonized System
IARC - International Agency for Research on Cancer.
M - moles per litre, a unit of concentration.
mg/m³ - Milligrams per cubic meter.
NOS - Not Otherwise Specified.
NTP - National Toxicology Program.
OSHA - Occupational Safety and Health Administration.
pH - relates to hydrogen ion concentration using a scale of 0 (high acidic) to 14 (highly alkaline).
ppm - Parts Per Million.
RTECS - Registry of Toxic Effects of Chemical Substances.
TWA/ES - Time Weighted Average or Exposure Standard.

HEALTH EFFECTS FROM EXPOSURE:

It should be noted that the effects from exposure to this product will depend on several factors including: frequency and duration of use; quantity used; effectiveness of control measures; protective equipment used and method of application. Given that it is impractical to prepare a Compliant Cleaning Supplies & Systems Pty Ltd report which would encompass all possible scenarios, it is anticipated that users will assess the risks and apply control methods where appropriate.

PERSONAL PROTECTIVE EQUIPMENT GUIDELINES:

The recommendation for protective equipment contained within this Compliant Cleaning Supplies & Systems Pty Ltd report is provided as a guide only. Factors such as method of application, working environment, quantity used, product concentration and the availability of engineering controls should be considered before final selection of personal protective equipment is made.

Report Status

This Safety Data Sheet document has been compiled by Compliant Cleaning Supplies & Systems Pty Ltd. Further clarification regarding any aspect of this product should contact Compliant Cleaning Supplies & Systems Pty Ltd directly. While Compliant Cleaning Supplies & Systems Pty Ltd has taken all due care to include accurate and up-to-date information in this SDS, it does not provide any warranty as to accuracy or completeness. As far as lawfully possible, Compliant Cleaning Supplies & Systems Pty Ltd accepts no liability for any loss, injury or damage (including consequential loss) which may be suffered or incurred by any person as a consequence of their reliance on the information contained in this SDS.
